Join us as we welcome guest speaker **David R. Thoman**, Vice President, Operations Manager of Los Angeles for FM Global.

Mr. Thoman will be discussing his experiences in commercial property insurance and loss-control consulting and property loss prevention in support of an organization's financial success. He will approach these topics through FM Global's unique approach to managing risk.

In his current position, which he has held since 2007, Mr. Thoman is responsible for the management, leadership, and direction of insurance and engineering operations within FM Global's geographical territory of Arizona; Southern California; Hawaii; Clark County, Nevada; and New Mexico.

Mr. Thoman has a bachelor of science degree in chemical engineering from UC Santa Barbara and is a license Professional Engineer (P.E.), fire protection, in the state of California.
